**Comments:**

10/31/2000 - Letter sent closing and retiring file. Due to extensive & historic mining disturbances in this area it is difficult to identify disturbances specifically associated with this notice. Some rock hounding activities were present in the area.

10/17/00 - Tony talked with Bob Easton of the USFS Pleasant Grove Ranger District at (801) 342-5171 regarding closing our small mine notice for the Yankee Mine in Mary Ellen Gulch. In the near future the USFS and EPA will be doing projects in American Fork Canyon to cleanup mine tailings, waste dumps, etc. Since the Yankee Mine is on patented land the USFS has no comments regarding the closure of the small mine notice by James Warr. There is a tailings pile on some USFS land further down canyon from the Yankee Mine which may be worked on at a later date. For additional information on the cleanup in American Fork Canyon by the USFS contact Ted Fitzgerald at the Provo office
